OMNI CABLE ANNOUNCES AN ADDITION OF SPLICES AND TERMINATIONS TO THEIR PRODUCT LINE

Omni Cable has just introduced Medium Voltage Splices and Terminations to its product line. Raychem, a division of TYCO Electronics, supplies Omni Cable with a wide variety of cold and heat applied splices and terminations, as well as the connectors, lugs and prep kits needed to install them. These splices and terminations are available for all medium voltage cable from 2.4 kV to 35 kV.

As of July 1st, Omni Cable has inventory of a broad range of medium voltage cable splices and terminations for nationwide distribution.

Pete Comber, the EVP of Sales and Marketing, commented “The addition of splices and terminations to our product line will better serve our customers”. Pete also added “By adding these items to our product line, Omni Cable has become a single source for our customers who are using medium voltage cable and accessories”.

Omni Cable, an ESOP company, is a master distributor of specialty wire and cable sold exclusively through electric and electronic distribution. Our stocking locations include Philadelphia, PA; Atlanta, GA; Boston, MA; Chicago, IL; Denver, CO; Houston, TX; Los Angeles, CA; San Francisco, CA; St. Louis, MO and Tampa, FL.
