

# MarineTuff® CABLES

Omni Cable is proud to announce that we have added Belden MarineTuff® cables to our product offerings. These cables are primarily used in offshore oil rigs and control rooms.

## Inventory, Applications, and Key Attributes

- **Control and Instrumentation** – Ensures reliability and safety-conscious wiring solutions  
**Applications** – Mobile drilling, fixed platform, floating production, storage and offloading (FPSO), marine vessels  
**Key Attributes** – Type P rated insulations, LSZH jackets, bronze braid or continuous aluminum armoring available, ABD & DNV certified, 10-yr warranty
- **Fiber Optic** - Enhances security and high quality data, audio, and video  
**Applications** – Separator stations, metering stations, pumping/compressor stations, LNG processing plants, transportation/storage, refining facilities, shipboards  
**Key Attributes** – LSZH jackets, armor, flame retardant, 10-year warranty
- **Foundation Fieldbus** - Withstands the destructive effects of temperature extremes, humidity/moisture, dust and oil  
**Applications** – Industrial network in offshore environment  
**Key Attributes** – Type P ratings, LSZH jackets, bronze braid available, ABS & DNV
- **Industrial Ethernet** – Ensures optimum network performance and uptime  
**Applications** – Marine vessels, offshore facilities  
**Key Attributes** – LSZH jackets, bronze braid, ABS/DNV, 10-yr warranty, bonded pairs
- **Variable Frequency Drive** – Controls noise emissions  
**Applications** – Multiple drives, longer runs, provides protection for sensitive instrumentation and adjacent control systems  
**Key Attributes** – Thermoset LSZH jacket, bronze braid available, ABS & DNV certified, 10-year warranty
